

## Science Expectations

Choose behaviors that show respect for another person's property, space, and right to speak + learn.

## Team Expectations

Reviewed / Discussed / Explored through skits + conversations whole group.

EXPECT RESPECT.

### **Westerly Middle School Science Safety Contract**

1. I will not misbehave in the laboratory or play with laboratory equipment or materials. I will not engage in behavior that is disruptive or dangerous or that interferes with another student's right to learn.
2. I will protect my eyes, face and hands while engaging in lab activities by wearing safety goggles, gloves, and other protective gear when needed.
3. I will work only at my assigned station.
4. I will follow all written and oral instructions. I will wait until I receive my teacher's permission to begin a lab activity.
5. I will not carry out unassigned lab experiments without my teacher's permission.
6. I will not eat, drink, or taste anything in the laboratory. This includes food and drink as well as chemicals.
7. I will wash my hands thoroughly after using chemicals and lab equipment. When using chemicals, I will not touch my mouth, lips, or eyes until after I have washed my hands.
8. I will report any injury or accident to my teacher immediately.

I understand that if I fail to comply with these safety guidelines I may be removed from the laboratory activity or from class. I may be required to complete an alternate assignment to receive credit for that activity. Some or all credit may be lost if I do not follow the guidelines described above.
